ABSTRACT:

In all types of organizations, individuals, belonging to all job positions need to be well-informed in terms of techniques, which are necessary in creating amiable and pleasant working environmental conditions. They need to be well-informed in terms of their job duties and responsibilities. Furthermore, individuals are required to be well-equipped in terms of different types of methodologies and procedures. In addition, individuals need to inculcate the traits of morality, ethics, diligence and conscientiousness. Throughout the implementation of job duties, individuals are required to lead to up-gradation of different types of skills and abilities. Furthermore, individuals need to put emphasis on doing well in one's job duties and achieving desired goals and objectives. The individuals are required to put emphasis on meeting the expectations of individuals in leadership positions. When working environmental conditions are pleasant and amiable, individuals feel comfortable within workplace. Furthermore, one will render an important contribution in leading to up-gradation of motivation and concentration levels towards putting into operation various types of job duties and responsibilities. Hence, all members need to implement the measures that are necessary in leading to up-gradation of overall working environmental conditions. Therefore, it is well-understood, promoting enhancement of working environmental conditions is vital in leading to an increase in productivity and profitability. The main concepts that are taken into account in this research paper are, understanding the meaning and significance of working environmental conditions, measures to be put into operation in promoting enhancement of working environmental conditions and advantages of promoting enhancement of working environmental conditions.

Keywords: *Abilities, Enhancement, Information, Job Duties, Methodologies, Organizations, Well-organized Manner, Working Environmental Conditions*

INTRODUCTION:

The organizations are of different types, i.e. educational institutions of all levels, training centres, production and manufacturing organizations, financial institutions, services organizations, agencies, non-government organizations and so forth. Within all types of organizations, the working environmental conditions are referred to the physical environments. These need to be favourable towards all the members, belonging to all job positions in the hierarchy. As a consequence, the mind-sets of the individuals get stimulated and they will lead to up-gradation of motivation and concentration levels towards putting into operation various types of job duties and responsibilities in an adequate manner (Stevens, 2018). The main reason being, individuals, belonging to all job positions will feel comfortable.

As a consequence, they will put in their best efforts in carrying out all types of job duties and responsibilities in a well-ordered manner. The management of financial resources is regarded to be of utmost significance in carrying out all types of job duties and responsibilities in a well-organized manner. Therefore,

all the members, belonging to all job positions need to work to their best abilities in making working environmental conditions favourable.

Within all types of organizations, it is necessary to manage resources in an effective manner. The various types of resources are, financial, human, technical, material and information resources. These are necessary in order to achieve organizational goals, promote enhancement of organizational culture and lead to up-gradation of overall structure of the organizations. The management of financial resources is regarded as vital in carrying out all types of tasks and activities in an adequate manner. The individuals are required to be well-informed in terms of various types of factors that are necessary in making working environmental conditions comfortable (The Consistency Principle, 2019).

As a consequence of making provision of infrastructure, amenities and facilities, mind-sets of the individuals get stimulated and they will lead to up-gradation of motivation and concentration levels towards putting into operation various types of job duties and responsibilities. Furthermore, the

individuals are required to ensure, these are to be managed in a moral and ethical manner. In addition, all types of job duties and responsibilities will be implemented in a well-ordered manner. Therefore, all members need to ensure, these are put into operation in an adequate manner and wastage needs to be prevented.

Understanding the Meaning and Significance of Working Environmental Conditions:

Within all types of organizations, it is necessary to make provision of infrastructure, amenities and facilities. These are referred to power supplies, water supplies, restrooms, heating and cooling equipment in accordance to the weather conditions, furniture, buildings, communication networks, transportation facilities, ramps, elevators, parks and overall environmental conditions. The management of financial resources is regarded to be of utmost significance in making provision of infrastructure, amenities and facilities. Furthermore, one needs to hire the services of service providers, i.e. electric workers, repair workers, painters, carpenters, plumbers, gardeners, cooks, drivers and so forth. In all types of organizations, as a consequence of having these, one will lead to up-gradation of motivation and concentration levels towards putting into operation job duties and responsibilities. Furthermore, one needs to ensure, they are augmenting their enthusiasm levels in meeting the expectations of individuals in leadership positions.

The individuals feel comfortable and will put in efforts to their best abilities in doing well in all types of job duties and responsibilities. As a consequence, one will render an important contribution in doing well in all types of job duties and generating desired outcomes. Furthermore, one will be well-prepared in terms of factors in creating an amiable and pleasant environment within workplace. All types of factors are to be put into operation in a well-ordered and satisfactory manner. Furthermore, positivity needs to be reinforced in all the factors. Therefore, individuals are able to acquire an efficient understanding of the meaning and significance of working environmental conditions, when they are making provision of infrastructure, amenities and facilities.

Within all types of workplaces, there are some job duties and responsibilities, which are put into operation on an individual basis, whereas, there are others, which are implemented through working in collaboration and integration with other members. Hence, it is of utmost significance to develop mutual understanding with other members. The individuals in this manner will be able to obtain ideas and suggestions in order to provide solutions to different types of problems. Furthermore, one will obtain support and assistance from others in carrying out all types of job duties and responsibilities in a well-ordered and regimented manner. In order to develop mutual understanding, it is necessary for

individuals to be well-informed in terms of essential factors, i.e. making use of polite language and decent words; treating others with respect and courtesy; making provision of factual information; depicting the traits of helpfulness and co-operation and possessing an approachable nature and an amiable attitude.

As a consequence of development of mutual understanding with superiors, subordinates and colleagues, the mind-sets of the individuals will be stimulated and they will lead to up-gradation of motivation and concentration levels towards putting into operation various tasks and activities. In this manner, one will render an important contribution in overcoming all types of setbacks. These are prevented from giving rise to impediments within the course of carrying out all types of job duties and responsibilities in a well-organized manner. Furthermore, individuals will incur the feelings of pleasure and contentment. Therefore, one is able to acquire an understanding of the meaning and significance of working environmental conditions, when they are developing mutual understanding with other members.

The individuals, belonging to all job positions in the hierarchy of the organizations are required to carry out number of job duties and responsibilities. These are complicated and manageable, these are carried out in less amount of time or can be more time-consuming and these are carried out on one's own or through working in co-ordination with other members. Furthermore, they are required to augment their information and understanding in terms of different types of techniques. These are referred to the ways of doing well in all types of job duties and responsibilities and generating desired outcomes. One of the important aspects that needs to be taken into account is, positivity needs to be reinforced in all types of techniques. Furthermore, individuals will render an important contribution in pleasing individuals in leadership positions.

The possession of adequate information in terms of job duties and responsibilities will be facilitating to the individuals in creating an amiable and pleasant environment within workplace. One of the important aspects that needs to be taken into account is, all types of techniques are required to be put into operation in a well-organized and regimented manner. Furthermore, one should prevent all types of dilemmas and challenging situations from giving rise to impediments within the course of doing well in all types of job duties and responsibilities. Therefore, an understanding of the meaning and significance of working environmental conditions is acquired, when information is generated regarding various types of job duties and responsibilities.

The individuals are required to augment information in terms of various types of methodologies and procedures. These are referred to the ways of doing well in all types of job duties and responsibilities and achievement of desired goals and objectives. One of

the important aspects that needs to be taken into account is, positivity needs to be reinforced in all types of methodologies and procedures. Furthermore, individuals will render an important contribution in pleasing individuals in leadership positions. Individuals need to acquire an efficient understanding of the concepts. Furthermore, they are required to get engaged in regular practice. This is facilitating in doing well in all types of job duties and responsibilities.

The possession of adequate information in terms of different types of methodologies and procedures will be facilitating to the individuals in creating an amiable and pleasant environment within workplace. In some cases, individuals get overwhelmed by the feelings of apprehensiveness and vulnerability. These need to be overcome in order to do well in all types of job duties and generating desired outcomes. It is of utmost significance for all members to lead to up-gradation of confidence levels in order to generate desired outcomes. One of the major benefits is, individuals will be well-prepared in terms of various types of ways. Furthermore, individuals will render an important contribution in meeting the expectations of individuals in leadership positions. Therefore, individuals generate awareness in terms of the meaning and significance of working environmental conditions, when they are augmenting information regarding different types of methodologies and procedures.

Measures to be put into operation in Promoting Enhancement of Working Environmental Conditions

Within all types of organizations, there are goals and objectives to achieve. The individuals, belonging to all job positions need to be well-informed in terms of all types of goals and objectives, i.e. promoting enhancement of recruitment and selection methods; promoting enhancement of training and development programs; managing financial, human, technical, material and information resources in an adequate manner; making provision of infrastructure, amenities and facilities; improving employee morale; utilizing pioneering methods and materials; meeting customer demands in an adequate manner; carrying out administrative functions in a satisfactory manner; promoting enrichment of organizational culture and leading to up-gradation of overall structure of the organizations. The individuals throughout their jobs need to augment information in terms of various factors, which are facilitating in achievement of all types of goals and objectives (Skills for Success: Business Skills for the Creative Community, 2013).

One of the important goals of all types of organizations is to promote enhancement of working environmental conditions. For this purpose, it is necessary for individuals to be well-informed in terms of essential measures. All types of measures are required to be put into operation in a well-organized and satisfactory manner. Furthermore, positivity needs to be reinforced

in all types of measures. One of the important aspects that needs to be taken into account is, all types of measures are to be favourable to individuals and organizations as a whole. Therefore, measures to be put into operation in promoting enhancement of working environmental conditions are stated as follows:

Managing Resources:

Within all types of organizations, it is necessary to manage resources in an effective manner. The various types of resources are, financial, human, technical, material and information resources. The financial resources are the monetary resources. These are essential in fulfilment of all types of needs and requirements. Human resources are the personnel. They are required to make use of their educational qualifications, skills and abilities in an adequate manner. Technical resources are, various types of technologies, i.e. computers, lap-tops, I pads, scanners, printers, photo-copiers, projectors, audio-visual aids and so forth. Material resources are, tools, devices, apparatus, equipment, and gear. Information resources are, books, articles, reports, projects, newspapers, magazines, other reading materials and internet. These are to be utilized in an effective manner in generating desired outcomes.

These are necessary in order to achieve organizational goals, promote enhancement of organizational culture and lead to up-gradation of overall structure of the organizations. The individuals are required to be well-informed in terms of various types of factors that are necessary in making working environmental conditions comfortable. As a consequence of managing these, mind-sets of the individuals get stimulated and they will lead to up-gradation of motivation and concentration levels towards implementation of job duties and responsibilities. Furthermore, the individuals are required to ensure, these are to be managed in a moral and ethical manner. Hence, all members need to ensure, these are put into operation in an adequate manner and wastage needs to be prevented. Therefore, managing resources is regarded as one of the indispensable measures to be put into operation in promoting enhancement of working environmental conditions.

Providing Infrastructure, Amenities and Facilities

Within all types of organizations, it is necessary to make provision of infrastructure, amenities and facilities. These are referred to power supplies, water supplies, restrooms, heating and cooling equipment in accordance to the weather conditions, furniture, buildings, communication networks, transportation facilities, ramps, elevators, parks and overall environmental conditions. The management of financial resources is regarded to be of utmost significance in making provision of infrastructure, amenities and facilities. Furthermore, one needs to hire the services of service providers, i.e. electric workers,

repair workers, painters, carpenters, plumbers, gardeners, cooks, drivers and so forth. In all types of organizations, as a consequence of having these, one will lead to up-gradation of motivation and concentration levels towards putting into operation job duties and responsibilities. Furthermore, one needs to ensure, they are augmenting their interest levels in pleasing individuals in leadership positions.

The individuals feel comfortable and will put in efforts to their best abilities in doing well in all types of job duties and responsibilities. As a consequence, one will render an important contribution in doing well in all types of job duties and generating desired outcomes. Furthermore, one will be well-prepared in terms of factors of creating an amiable and pleasant environment within workplace. All types of factors are to be put into operation in a well-organized and appropriate manner. Furthermore, positivity needs to be reinforced in all the factors. Therefore, providing infrastructure, amenities and facilities is one of the significant measures to be put into operation in promoting enhancement of working environmental conditions.

Implementing Effective Communication Processes:

The individuals, belonging to all job positions are required to implement communication processes in an adequate manner. These are facilitating in augmenting information in terms of various types of subjects and concepts; exchanging different types of ideas and viewpoints; obtaining answers to all types of questions that are overwhelming and clarifying doubts in terms of various types of subjects and concepts. Furthermore, one needs to be well-informed in terms of communication ethics, i.e. making use of polite language and decent words; treating others with respect and courtesy; making provision of factual information; depicting the traits of helpfulness and co-operation and possessing an approachable nature and an amiable attitude. The communication processes need to take place in a verbal and written form. Verbal communication takes place face to face, video-calling and phone. Written communication takes place through exchanging messages and emails.

The individuals are required to ensure, the implementation of effective communication processes is facilitating in forming cordial and amiable terms and relationships with each other. Furthermore, individuals will render an important contribution in leading to up-gradation of overall structure of the organizations. This is necessary in leading to up-gradation of motivation and concentration levels towards implementation of job duties and responsibilities. In addition, one will incur the feeling of job satisfaction and retain their jobs. Therefore, implementing effective communication processes is an expedient measure to be put into operation in promoting enhancement of working environmental conditions.

Forming Cordial and Amiable Terms and Relationships with others

Within all types of workplaces, there are some job duties and responsibilities, which are put into operation on an individual basis, whereas, there are others, which are implemented through working in co-ordination with other members. Hence, it is essential to form cordial and amiable terms and relationships with other members. The individuals in this manner will be able to obtain ideas and suggestions in order to provide solutions to different types of problems. Furthermore, one will obtain support and assistance from others in carrying out all types of job duties and responsibilities in a well-ordered manner. In order to implement this task, it is necessary for individuals to be well-informed in terms of essential factors, i.e. making use of polite language and decent words; treating others with respect and courtesy; making provision of factual information; reinforcing the traits of efficiency, honesty and truthfulness; depicting the traits of helpfulness and co-operation and possessing an approachable nature and an amiable attitude.

As a consequence of forming cordial and amiable terms and relationships with superiors, subordinates and colleagues, the mind-sets of the individuals will be stimulated and they will lead to up-gradation of motivation levels towards putting into operation various job duties and responsibilities. In this manner, one will render an important contribution in overcoming all types of setbacks. These are prevented from giving rise to impediments within the course of carrying out all types of job duties and responsibilities in a well-organized manner. Furthermore, individuals will incur the feelings of pleasure and contentment. Therefore, forming cordial and amiable terms and relationships with others is an eminent measure to be put into operation in promoting enhancement of working environmental conditions.

Being well-informed regarding Job Duties and Responsibilities:

The individuals, belonging to all job positions in the hierarchy of the organizations are required to carry out number of job duties and responsibilities. These are complicated and manageable, these are carried out in less amount of time or can be more time-consuming and these are carried out on one's own or through working in co-ordination with other members. Furthermore, they are required to augment their information and understanding in terms of different types of techniques. These are referred to the ways of doing well in all types of job duties and responsibilities and generating desired outcomes. One of the important aspects that needs to be taken into account is, positivity needs to be reinforced in all types of techniques. Furthermore, individuals will render an important contribution in pleasing individuals in leadership positions.

The possession of adequate information in terms of job duties and responsibilities will be facilitating to the individuals in creating an amiable and pleasant environment within workplace. One of the important aspects that needs to be taken into account is, all types of techniques are required to be put into operation in a well-organized and disciplined manner. Furthermore, one should prevent all types of problems from giving rise to impediments within the course of doing well in all types of job duties and responsibilities. Therefore, being well-informed regarding job duties and responsibilities is a renowned measure to be put into operation in promoting enhancement of working environmental conditions.

Being well-aware regarding Methodologies and Procedures:

The individuals are required to augment information in terms of various types of methodologies and procedures. These are referred to the ways of doing well in all types of job duties and responsibilities and generating desired outcomes. One of the important aspects that needs to be taken into account is, positivity needs to be reinforced in all types of methodologies and procedures. Furthermore, individuals will render an important contribution in pleasing individuals in leadership positions. Individuals need to acquire an efficient understanding of the concepts. Furthermore, they are required to get engaged in regular practice. This is facilitating in doing well in all types of job duties and responsibilities.

The possession of adequate information in terms of different types of methodologies and procedures will be facilitating to the individuals in creating an amiable and pleasant environment within workplace. One of the important aspects that needs to be taken into account is, all types of methodologies and procedures are required to be put into operation in a well-organized and disciplined manner. Furthermore, one should prevent all types of problems from giving rise to impediments within the course of doing well in all types of job duties and responsibilities. Therefore, being well-aware regarding methodologies and procedures is a decisive measure to be put into operation in promoting enhancement of working environmental conditions.

Utilizing Pioneering Methods and Materials:

With advancements taking place and with the advent of modernization and globalization, one needs to augment information in terms of various types of pioneering methods and materials. The various types of these methods and materials are, utilization of tools, devices, apparatus, equipment, machinery and technologies. Individuals need to acquire an efficient understanding of the concepts. Furthermore, they are required to get engaged in regular practice. This is facilitating in doing well in all types of job duties and responsibilities. One of the important aspects that

needs to be taken into account is, positivity needs to be reinforced in all types of pioneering methods and materials. Furthermore, individuals will render an important contribution in pleasing individuals in leadership positions.

The possession of adequate information in terms of different types of pioneering methods and materials will be facilitating to the individuals in creating an amiable and pleasant environment within workplace. One of the important aspects that needs to be taken into account is, all types of methodologies and procedures are required to be put into operation in a well-ordered and disciplined manner. Furthermore, one should prevent all types of problems from giving rise to impediments within the course of doing well in all types of job duties and responsibilities. Therefore, utilizing pioneering methods and materials is an imperative measure to be put into operation in promoting enhancement of working environmental conditions.

Augmenting Skills and Abilities:

The individuals, belonging to all job positions in the hierarchy need to put emphasis on leading to up-gradation of different types of skills and abilities. The various types of skills are, communication skills, decision-making skills, time-management skills, analytical skills, critical-thinking skills, problem-solving skills, technical skills, creative skills, personal skills, professional skills, presentation skills, leadership skills, negotiation skills, intellectual skills, artistic skills, public-speaking skills and educational skills. On the other hand, abilities, which needs to be honed are, convincing, persuasion, planning, organizing, directing, leading, co-ordinating, controlling, emotional intelligence, systems thinking, putting in efforts to one's best abilities, possessing the abilities to work under stress, coping with various types of dilemmas and challenging situations in an adequate manner and carrying out all types of job duties and responsibilities in a satisfactory manner (Talent Management – Importance, 2019).

The possession of adequate information in terms of different types of pioneering methods and materials will be facilitating to the individuals in creating an amiable and pleasant environment within workplace. One of the important aspects that needs to be taken into account is, all types of methodologies and procedures are required to be put into operation in a well-organized and disciplined manner. Furthermore, one should prevent all types of problems from giving rise to impediments within the course of doing well in all types of job duties and responsibilities. Therefore, augmenting skills and abilities is a favourable measure to be put into operation in promoting enhancement of working environmental conditions.

Providing Solutions to various Problems:

The individuals, belonging to all job positions get overwhelmed by various types of problems. The different factors in terms of which these are experienced are, job duties, responsibilities, methodologies, techniques, procedures, approaches, work pressure, lack of implementation of time-management skills, lack of analytical, critical-thinking and problem-solving skills, unawareness in terms of various factors, scarcity of financial, human, technical, material and information resources, lack of infrastructure, amenities and facilities and so forth. The influence of various types of problems is experienced in a major or minor form. Hence, individuals need to provide solutions to various types of problems. Furthermore, these are to be prevented from giving rise to impediments within the course of doing well in all types of job duties and generating desired outcomes.

The individuals, throughout their jobs are required to lead to up-gradation of problem-solving skills. These are the skills, which are facilitating in identifying the causes of problems. After the causes have been identified, one needs to provide solutions to these in an appropriate manner. Furthermore, these are to be prevented from assuming a major form. As a consequence of providing solutions to different types of problems, mind-sets of the individuals will be stimulated and they will put in their best efforts. In this manner, enhancement will take place of overall working environmental conditions. Therefore, providing solutions to various problems is an advantageous measure to be put into operation in promoting enhancement of working environmental conditions.

Generating Information regarding Essential Factors:

The individuals, belonging to all job positions throughout their jobs are required to generate information regarding essential factors, i.e. implementing effective communication processes; honing analytical, critical-thinking and problem-solving skills; making wise and productive decisions; being well-informed regarding job duties and responsibilities; being well-aware regarding methodologies and procedures; utilizing different types of pioneering methods and materials; augmenting various types of skills and abilities; providing solutions to various types of problems; forming cordial and amiable terms and relationships with others; putting in efforts to one's best abilities; possessing the abilities to work under stress and carrying out all types of job duties and responsibilities in a well-ordered manner. As a consequence of acknowledging and implementing all the factors, one will contribute in an effective manner in creating an amiable and pleasant environment within workplaces.

The possession of adequate information in terms of all these factors will be facilitating to the individuals in creating an amiable and pleasant environment within all types of workplaces. One of the important aspects that needs to be taken into account is, all types of factors are required to be put into operation in a well-ordered and disciplined manner. The individuals in leadership positions are required to augment information and understanding in terms of all these factors. In addition, they need to convey these to other members. Furthermore, one should focus on leading to up-gradation of different types of competencies and abilities. These need to be utilized in an adequate manner within the course of putting into operation all types of job duties and responsibilities. Therefore, generating information regarding essential factors is a useful measure to be put into operation in promoting enhancement of working environmental conditions.

Advantages of Promoting Enhancement of Working Environmental Conditions:

Within all types of organizations, the working environmental conditions are referred to the physical environments. These need to be favourable towards all the members, belonging to all job positions in the hierarchy. As a consequence, the mind-sets of the individuals get stimulated and they will lead to up-gradation of motivation and concentration levels towards putting into operation various types of job duties and responsibilities in an adequate manner. The main reason being, individuals, belonging to all job positions will feel comfortable, when they are successful in their work. For this purpose, one needs to possess adequate information in terms of various types of methodologies and procedures. As a consequence, they will put in their best efforts in carrying out all types of job duties and responsibilities in a well-ordered manner. The management of financial resources is regarded to be of utmost significance in carrying out all types of tasks and activities in a well-organized manner. Furthermore, in order to generate desired outcomes, it is necessary for individuals to make provision of technical, material and information resources (Skills You Need. Helping You Develop Life Skills, 2019).

As a consequence of augmenting information and understanding in an adequate manner, individuals will render an important contribution in promoting enhancement of working environmental conditions. Hence, all the members, belonging to all job positions need to work to their best abilities in making working environmental conditions favourable. This is considered to be advantageous on a comprehensive basis. Therefore, advantages of promoting enhancement of working environmental conditions are stated as follows:

1. Implementing effective communication processes.

2. Honing analytical, critical-thinking and problem-solving skills.
3. Making wise and productive decisions.
4. Being well-informed regarding job duties and responsibilities.
5. Being well-aware regarding methodologies and procedures.
6. Utilizing different types of pioneering methods and materials.
7. Reinforcing a constructive approach.
8. Augmenting various types of skills and abilities.
9. Inculcating the traits of morality and ethics.
10. Implementing the traits of diligence, resourcefulness and conscientiousness.
11. Reinforcing the traits of efficiency, honesty and truthfulness.
12. Providing solutions to various types of problems.
13. Forming cordial and amiable terms and relationships with others.
14. Putting in efforts to one's best abilities.
15. Possessing the abilities to work under stress.
16. Carrying out all types of job duties and responsibilities in a well-ordered manner.
17. Promoting community well-being.
18. Promoting enrichment of organizational culture.
19. Leading to up-gradation of overall structure of the organizations.
20. Incurring the feeling of job satisfaction and retaining one's jobs.
